[Budget Forum Discusses Looming Tuition Hike](#)

OTU Activity 9.1

Critically discuss the four key objectives quoted in the text which were identified in the Robbins Report (1963) as being essential to a properly balanced system of Higher Education.

1. To what extent do you believe that these objectives (in whole or in part) retain their relevance?
2. Discuss the quotation from the Robbins Report which is cited in the text in relation to academic freedom. To what extent do you believe that this retains its relevance? Do you believe that academic freedom is especially important and does the erosion of academic freedom have any ethically related consequences?
