Category:Living people Category:Indonesian educators Category:1950 birthsQ: What is the meaning of "isn't" in the text below? I was reading the book, "Ulysses" by James Joyce. In the last chapter of "Ulysses" Joyce is trying to paint a picture of the very introvert who was James Joyce, an introvert compared to other modernists who could paint just beautifully. This article notes the lasting impact of "Ulysses". I couldn't understand what is the meaning of "isn't" in the above sentence. I tried to put the full context to show you better what he is trying to say. He is talking about the introvert nature of James Joyce, and says that James Joyce was definitely different from other modernists. Because they could paint beautifully. However, the word "isn't" has more than one meaning in this context. Can anyone tell me please what is the meaning of "isn't" in this context? Thanks a lot. A: The sentence in question is The article notes the lasting impact of "Ulysses", but finds that "Ulysses" is itself rather an introverted work of art. The phrase "isn't is" means that "Ulysses" is not introverted. It's not that introverted, in a sense. That's not the author's point. It's that "Ulysses" is not necessarily introverted. I think the phrase is trying to say that, while James Joyce may have felt introverted, to us, he may seem like the complete opposite of introverted. The London Distillery Company distillery is only four years old and has already been recognised as one of the top ten Scottish distilleries, going by market research produced by Balance Magazine in the summer of 2012. The four London Distillery Company distilleries are primarily based around blended bourbon style whiskies, with a low percentage whiskies for single malts that have generally around f678ea9f9e
